Corvette Caravan Cares about KEDS

The Corvette Club of Buffalo will be rolling onto the Renaissance Campus on Thursday, October 16th. Members of the club will be presenting proceeds from their annual show to the Kids Escaping Drugs Campaign at 7pm.

Over 30 members will be bringing their classic cars onto the Renaissance Campus as a special treat to the clients in treatment. The Campus, at 920 Harlem Road in West Seneca, serves as our areas only adolescent residential treatment center for teens battling drug and alcohol addiction. \$5400 was raised during the 4th Annual All Corvette Caravan supported by West Herr Chevrolet of Hamburg. The donation from the corvette club and its members will directly benefit the clients and programs of the Renaissance Campus.
